

# The Hills Have Eyes

Blitzkid

Hey they're watchin' me I don't know why  
Hey they're watchin' me in scenic disguise  
Hey they're watchin' me blacken up the sky  
Hey they're watchin' me the hills... they have eyes.

Shut your eyes  
Hold on tight  
Don't turn around  
You're in their sight

Hey do you feel their stare riding on the breeze  
Hey do you hear their laughter in the trees  
Hey something in the ground is gonna rise  
Hey take one last breath, these hills, they have eyes!
