

Missile

Blonde Redhead

Abstract in your arm
As long as you invade
All my time
As long as only you

Will hunger for my luv
Not any other luv
Surround me
All around me

As long as you make me
Colour me
And you mustn't pretend
A number for my luv

Not any other luv
Twice the time you act all wrong
Fetish sober hole I'm wise
Colour of your neck eyes soaked

Why you all day long
Or possess nothing else
Belong to no one
Hurt

No one else
As long as you hold on
And hunger for my luv
Not any other luv

Missile me
Puncture me
As long as you weave me into your day
As long as you remain

Twice the time you act all wrong
Fetish sober hole I'm wise
Colour of your neck eyes soaked
Why you all day long
