

Speed x Distance = Time

Blonde Redhead

Corrupt temptation
speed x distance = time
pain in my leg a needle
pointing at neon

let go unfriendly kiss
shedding my scales off
spread, desire, disappear
drank up my sweat
and screamed that I
never wrote to you

I know you don't have a girlfriend
murdered old lady
kick off kick slogan off
don't pay me anymore

tell me tell me tell me
that I woke up this morning
kick off kick slogan off
don't pay me anymore
