Blonde Redhead

Come Come turn around!!

Shake shake your love

Only you can be so cool

Only you can be so real

Do you feel the same?

Do you want to start?

Why should I be so sad?

I want to touch you now

Not so fast Don't cry so much Put your arms in my words listen ?

Ah you're here
I want to know your song
Need your eyes your eyes are here
Touch me with your smile
Touch me with your hand
Why should I be so sad ?
I want to touch you now

Not so fast Don't cry so much Put your arms in my words listen ?

Come Come, turn around
Shake shake your love
Only you can be so cool
Only you can be so real
Do you feel the same ?
Do you want to start ?
Why should I be so sad ?
I want to touch you now
Not so fast Don't cry so much
