

## Violent Life

Blonde Redhead

With a thousand kisses  
Every moment is all mine  
Come back this time

With a thousand kisses  
One at time  
You brought me crime

Every minute is mine

With a thousand kisses  
I'm away  
You brought me down

With a thousand kisses  
Every second I think of you  
Come back, it's fine  
Bring some wine  
And leave my mind  
Forever

With a thousand kisses  
We share, I don't care  
I wish you down

With a thousand kisses  
Every second I think of you  
Come back it's fine  
Bring some wine  
And leave my mind forever
