

I Didn't Have the Nerve to Say No

Blondie

You got ants in your pants, I don't understand, I don't trust t
he flick of your eyes
You're a viper and love's a fever
You said something profane and went for a vein but in spite of
your delicate touch
I should have known as much. I'm a bleeder
I didn't have the nerve to say no
I didn't have the nerve to say no

You caught me surprised and my will resigned. Torture the minds
of them all
You're a brain drain, you'd better beat it
I'm following lines, the blind leads the blind, so hang me or g
rant me a stay
You better cut me loose or hand me a noose

I didn't have the nerve to say no
I didn't have the nerve to say no

There's no end to the problem
Of a bad situation. Complication
No, no, no, no, ah
There's no end to the problem
And frustration. I need a vacation
No, no, no, no, ah
And I know I couldn't
And I know that I couldn't say no
