## **Anywhere But Here (Maybe Someday)**

**Blood for Blood** 

Maybe someday oh yeah! Hey baby I gotta tell ya', there's not much left of me I been runnin' down a dead end street and livin' outside your s ociety And maybe I'm kind of twisted, but just maybe there's nothin' p ure, But if you come with me maybe we can find what we're lookin' fo r, oh yeah! Well baby, you know I come from nowhere! Yeah you know it baby! And yeah baby I know that you don't care, you don't care nuthin ' 'bout me! I've searched this cold, cold world for so many years and I been runnin' after hope and livin' on a prayer The sign in the road says we're goin' nowhere I gotta get away, get away from here Maybe someday we'll find a way Go! Well, if I hold out my hand will you take it from me? If I open my heart will you help me to see again? I lost my heart and soul so many years ago, oh yeah! Maybe someday, I'll find what I'm lookin' for Maybe someday, I'll find a better way Someday Maybe baby, we'll find a way outta' here someday: Someway:
