

## G.F.A.

## Blood On The Dance Floor

It's do or die.  
And uh, I do. I do it big.

Slashes - 2 stripes for unity.  
Fight for my people like I fight for equality.  
My home battle team, the SGTC.  
Haters gonna hate, but they know they can't stop me.  
Stop and stare, bitch beware.  
I don't even fucking care.  
GFA baby, that's why I'm standing here.  
Just made plenty stacks, going up in my career.  
Like Mighty Mouse, I never had a single fear.  
Turn your lady into my trick,  
Watch her wobble on my dick.  
If titties were Poke Balls,  
Mission: Gotta catch 'em all.  
Ignorance is what I hate.  
Your bitch, I'll educate.  
Tell me how my dick tastes.  
Winning like a sweepstakes!

GFA, ya everyday.  
Ya know I ain't got time to play.  
Don't mess with me, you best believe  
I'll put you in your fucking grave.  
Look me up and down, bitch.  
Tell me what the fuck you see.  
A smile, a face, a spot for heart.  
I'm a heartless man, there's a void in me.  
I'll fake a smile everytime, I'll never show a tear.  
With that GFA on my side, bitch,  
I'll never show no fear.  
Cruisin' down the highway, beat bangin' ear to ear.  
With my boy blue Andrew in the U-Haul  
Stand clear!

Oh, you can hate me.  
No, you don't phase me.  
You need a better fucking attitude.  
Party with my family, got love for my fucking crew.  
GFA, GFA.  
All day everyday.  
GFA, GFA.  
Party like a holiday.  
You need a better fucking attitude.  
GFA, GFA.  
I don't want your drama dude.

I fly so high, they call me unidentified.  
When they look up to the sky and they see my spaceship ride.  
We accelerate at the rate you cannot see with eyes.  
Made your mom turn tricks, paid to suck dick.  
Then I got your bitch a membership with the club I call the Mile High.  
And everytime you take to me, steppin' on a landmine.  
I'm 'bout to blow your brain, trigger itching on my nine.  
Got better things to do with my own time.  
Got boys in my mouth, got titties to sign.

I'll giggle while I kill the competition and you all be tripping.  
That smirk on my face ain't funny honey,  
It's that GFA I be respresting.

GFA A Double L D-A-Y.  
Everyday we stay fly.  
Scene veterans, better than negative energy.  
Anyway, at least they tried.  
Reach for the sky, hands in the air.  
I love what I see when I stand in the mirror.  
Pandemonium, the Land of the Fierce.  
They can't hold a candle to fans over here.  
We're getting high, girls dropping it low.  
Gotta let the people know we're all the rage.  
We don't worry much about the profits though,  
As long as everyday is like a holiday.  
Ima hit 'em with a little bit of rhythm.  
When I got 'em Ima keep 'em like I fucking should.  
JJ Demon with Dahvie and Jayy,  
My attitude is fucking good!

Oh, you can hate me.  
No, you don't phase me.  
You need a better fucking attitude.  
Party with my family, got love for my fucking crew.  
GFA, GFA.  
All day everyday.  
GFA, GFA.  
Party like a holiday.  
You need a better fucking attitude.  
GFA, GFA.  
I don't want your drama dude.

Do you see the looks that I get?  
Do you see, do you see  
The looks I get?  
Do you see the looks that I get?  
Do you see, do you see  
The looks that I get?  
Do you see the looks that I get?  
Do you see, do you see  
The looks I get?  
But I'm flying higher than a presidential jet.  
You'll be in Seaworld by how fucking wet you'll get.
