

Incomplete & All Alone

Blood On The Dance Floor

Eternal pain, something I will take to my grave
Your memory is an image I just can't erase

I spend my life always walking in the shadows
Scared, alone, locked away inside my castle

And when you love something, they say set it free
If it don't come back, it wasn't meant to be

I destroy everything I touch
Even things I love too much
I am cursed with these hands
They will never understand
I don't want to let you go
Incomplete and all alone

Here I am waiting for my sacred true love
With these hands that will be trapped like a steel glove

When you love something, they say set it free
And if it don't come back, it wasn't meant to be

I destroy everything I touch
Even things I love too much
I am cursed with these hands
They will never understand
I don't want to let you go
Incomplete and all alone
(2x)

Uh oh uh oh
I'm incomplete and all alone
Uh oh uh oh
I don't want to let you go
