

It's Hard To Be A Diamond In A Rhinestone World

Blood On The Dance Floor

Let's do this
C'mon, let's fuck it up

Slash gash terror what?
Slash gash terror who?
Slash gash party crew
You know how we fucking do

Pull over, that ass is so phat
You makin' me clap
I don't know how to act
Yo, yo, call the doctor
You make my heart stop
Bum bump bum bump drop
I do it in the front
I do it in the back
Shake it down like that
Make that booty go clap
Can't knock it, I'm profit
Excuse me?
I got paper to chase
I got money to make

It's so hard to be a diamond in a rhinestone world
You got my heart and it's beating for a girl

Will throw it up,
Will throw it up,
Go ahead and party it up
Go ahead and party it up

It's so hard to be a diamond in a rhinestone world
You got my heart and it's beating for a girl

Squish squish on your chest
Rub those titties, super breast
Knick knack patty whack
Give a boy a heart attack
Ah, ah, lost my breath
Ultra sex, you're the best
Move your feet, feel the heat
Burning down this fascist street
I'm packing, I'm stackin'
Some rated X action
Strawberry whip cream
We can be sweet team
Bang bang choo choo train
Show me how you work that thing
I don't step, I strut
Turn that music blast up up up up

It's so hard to be a diamond in a rhinestone world
You got my heart and it's beating for a girl

Will throw it up,
Will throw it up,
Go ahead and party it up

Go ahead and party it up

It's so hard to be a diamond in a rhiestone world
You got my heart and it's beating for a girl (2x)

It's so hard (4x)

STFU, gotta grove
Gotta bust my move
This is how we do
In the Slash Gash Terror Crew

It's so hard to be a diamond in a rhiestone world
You got my heart and it's beating for a girl

Will throw it up,
Will throw it up,
Go ahead and party it up
Go ahead and party it up

It's so hard to be a diamond in a rhiestone world
You got my heart and it's beating for a girl
