

Let's Start A Riot

Blood On The Dance Floor

Slash, Gash, Terror, Whore
I like you better on the floor
Sock it to me ultra hot
Danger, Danger! On the spot
On the bed, Give me head
Make you scream, "Candy cream!"
Scene sluts like it super rough
That's the way they like to fuck

I like to twirk, I like to hurt
Bitch don't make me fucking work
I'll lick it up, I'll suck it up
Now get on the floor and let's fuck it up
Now make your move into my room
And I'll whip out my "Dr. Doom"
"Oh, What the fuck?"
Bitch just shut up and suck

Lets start a riot

Let's rock our bodies in time and to the beat
And you can feel it as we turn up the heat
I need to feel myself inside you so deep
Let's rock our bodies in time and to the beat
And you can feel it as we turn up the heat
I need to feel myself inside you so deep

Lets start a riot

Uh Uh I like it rough
Uh Uh I'll give it tough
Uh Uh I'll make you lust
Uh Uh I'll make you bust

I'm poppin' some explicit shit
I'm pure triple 'X', Redefine ultra sex
Even your girlfriend says, "He's the best"
I'm just a naturalistic, Super stylistic
Fashion addictied, Glamour inflicted
Text me nudes from your sidekick
"Like oh my God, Becky, did you see his dick?"

There's Blood on the Dance Floor
We'll bring it once more
Can't stop until we drop, Uh Uh
Can't stop until we pop
