

# Love Sucks (my Ex Is A Vampire)

## Blood On The Dance Floor

You use to hold me, tight all night long  
You use to tell me, you'd never leave me alone  
You use to kiss me, on my lips  
I've never felt like this

But now you stay out  
All night and, sleep all day  
You're never with me, it's like you've gone away  
You got something on your bloody lips, to say

I can see the writings on the wall  
I won't beg, and I won't crawl  
I hope you feel like you're two feet tall  
Love Sucks  
(Love Sucks)

It really sucks

I can see the writings on the wall  
I won't beg, and I won't crawl  
I hope you feel like you're two feet tall  
Love Sucks  
(Love Sucks)

It really sucks

I see you're hanging out with different guys  
But you know this, comes as no surprise  
You asked me for, one last kiss  
Under the lunar eclipse

I turned you down with a stiff ass no  
I'll pushed you away, but you just wouldn't go  
So wipe away, those vampire tears  
And make yourself disappear

I can see the writings on the wall  
I won't beg, and I won't crawl  
I hope you feel like you're two feet tall  
Love Sucks  
(Love Sucks)

It really sucks

I can see the writings on the wall  
I won't beg, and I won't crawl  
I hope you feel like you're two feet tall  
Love Sucks  
(Love Sucks)

It really sucks

I just want you, gone away  
I just want you, gone away  
(Life sucker)

I can see the writings on the wall

I won't beg, and I won't crawl  
I hope you feel like you're two feet tall  
Love Sucks  
(Love Sucks)
