

Revenge Will Have its Day

Blood On The Dance Floor

I smell revenge, my dear old friend
I will not stop till my conscious is cleansed
Revenge will have its day

I'll eliminate to vindicate
All this bullshit that they have made
Revenge will have its day

I'm cold like ice, I'll kill you twice
You fucked my dreams and you destroyed my life
Revenge will have its day

The final cut, rip out your guts
I taste your blood, I can't get enough
Revenge will have its day

Do you find me so sadistic
At my most masochistic?
When everything I have is taken
Sweet revenge will be awakened

What do you do when the world turns its back on you?
You turn your back on it all
Injustice, you will fall

What do you do when the world turns its back on you?
And leaves you here to die?
It's time to make them cry

Woah-woah-oh
Oh oh yeah
You better watch what you say
Revenge will have its day

Woah-woah-oh
Oh oh yeah
You better watch what you say
Revenge will have its day

Mind my words; I did my time
Hear me scream and now you'll see
Revenge will have its day

I'll bury deep with your heart
At your side so say goodnight
Revenge will have its day

Quick and painless, slow and deadly
And I believe your fate is me
Revenge will have its day

Lights, camera, murder baby
Your heart stops, now I go crazy
Revenge will have its day

Do you find me so sadistic
At my most masochistic?

When everything I have is taken
Sweet revenge will be awakened

What do you do when the world turns its back on you?
You turn your back on it all
Injustice, you will fall

What do you do when the world turns its back on you?
And leaves you here to die?
It's time to make them cry

Woah-woah-oh
Oh oh yeah
You better watch what you say
Revenge will have its day

Woah-woah-oh
Oh oh yeah
You better watch what you say
Revenge will have its day

No words left to be spoken is better left unsaid
How does it feel to be alive when they left you for dead?
I will have my vengeance soon, I will leave you seeing red
Everything will fall into place once I have your head

No words left to be spoken is better left unsaid
How does it feel to be alive when they left you for dead?
I will have my vengeance soon, and leave you seeing red
Everything falls in place once I have your head

What do you do when the world turns its back on you?
You turn your back on it all
Injustice, you will fall

What do you do when the world turns its back on you?
And leaves us here to die?
It's time to make them cry

Woah-woah-oh
Oh oh yeah
You better watch what you say
Revenge will have its day

Woah-woah-oh
Oh oh yeah
You better watch what you say
Revenge will have its day
