## Blood On The Dance Floor

You're quick, but we're much faster.  
We're one trick, disaster.

Can't touch this.  
Can't touch this.  
Can't touch this.  
Can't touch this.

You all know where, where we're from.  
Little bitches better run.  
We own these streets, we own this town.  
Pop pop pop you with our guns.  
I got my lucky thirteen,  
I can get nasty, real mean.  
We run this show, we'll run you down.  
Look, motherfucker, this is our team.

Loose lips sink ships, you can't touch this.  
What's it to you? Do our looks fool you?  
Loose lips sink ships, you can't touch this.  
What's it to you? Do our looks fool you?

Embrace your dreams. (Embrace your dreams)  
Protect your honor, defend your pride.  
Have faith in me. (Have faith in me)  
Your final fantasy.

What goes around, comes comes around.  
That's why you're on the ground.  
No one can escape from destiny,  
What goes up comes back down.  
I got my Slash Gash Terror, comin' real fast.  
Gang bangin', head bangin', I'm just sayin',  
It will be your last.

Loose lips sink ships, you can't touch this.  
What's it to you? Do our looks fool you?  
Loose lips sink ships, you can't touch this.  
What's it to you? Do our looks fool you?

Embrace your dreams. (Embrace your dreams)  
Protect your honor, defend your pride.  
Have faith in me. (Have faith in me)  
Your final fantasy.

Can't touch this.  
Can't touch this.  
You can't touch this.  
Can't touch this.

My words are my weapons, untouchable perfection.  
Bring the world to its knees,  
Make every hater believe.

Embrace your dreams. (Embrace your dreams)  
Protect your honor, defend your pride.  
Have faith in me. (Have faith in me)

Your final fantasy.

Believe in me.  
Can't touch this.

Believe in me.  
Can't touch this.
