

# We're Takin' over!

## Blood On The Dance Floor

Taking over this shit like a spaceship  
Shut it down, move bitch like off switch  
Tell yo' hoes they are so basic  
I'm the name on everybody's lips

Damn yo, that's sick  
If you wanna live then get out the way  
I'm living this bitch like real estate  
We're taking over this fucking place

Break free; breaking out tonight  
Killing everything but the lights  
Destroying everything in our sight  
I'm fucking free tonight

Woah oh oh oh  
We're takin' over  
Woah oh oh oh  
We're takin' over

Woah oh oh oh  
We're takin' over  
Woah oh oh oh  
We're takin' over

We're takin' over  
We're takin' over

I'm point like the bulls like motherfucker  
I defeated this blunt, I'ma need another  
Don't fuck around, let no circle drip  
I don't mess with no bitch that don't twerk

We be like bye Felicia, pleased to meet ya  
Sorry that you outta work  
Take over, take cover  
Flip the switch, bitch get fucking drunk

Break free; breaking out tonight  
Killing everything but the lights  
Destroying everything in our sight  
I'm fucking free tonight

Woah oh oh oh  
We're takin' over  
Woah oh oh oh  
We're takin' over

Woah oh oh oh  
We're takin' over  
Woah oh oh oh
