

Well Suck Me!

Blood On The Dance Floor

Crank It up, up, up, up, up, up.
Crank It up, up, up, up, up, up.
Crank It up, up, up, up, up, up.

The gurlies suck my dick like an ice cream stick
An ice cream stick?
An ice cream stick.
The gurlies suck my dick like an ice cream stick
All way down, Ice cream stick.

The gurlies rub my nuts on the ice cream truck
The ice cream truck?
The ice cream truck.
The gurlies rub my nuts on the ice cream truck
All way down, The ice cream truck

You and me, ice cream sandwich
My sweet cream is to much to manage
Put your cherry right on top
Once you pop you cannot stop
Watch your panties fuckin drop
Like and orange push up pop
Your an addict, problematic
I will be your brand new habit
Pineapple, butterscotch
Rub your chest and touch your crotch
Baby grab my waffle cone
I'll make you scream I'll make you moan
Your a fiend, drama queen
Tearing up the music scene
I'm an addict, problematic
I will be your brand new habit

The gurlies suck my dick like an ice cream stick
An ice cream stick?
An ice cream stick.
Cause, the gurlies suck my dick like an ice cream stick
All way down, Ice cream stick.

Cause, the gurlies rub my nuts on the ice cream truck
The ice cream truck?
The ice cream truck.
Cause, the gurlies rub my nuts on the ice cream truck
All way down, The ice cream truck

Well Suck Me!
