

## Wack For a Widdle

### Blood or Whiskey

As I get home at 6AM gone out to work all day  
With me boots on me feet and me cap on me head  
In bed I would I could stay  
Cause I'm too old to spend my time shifting sods and clay  
And the wife won't give me what I want cause I'm so old and gre  
y  
For a wack of the widdle a widdle a wack  
A widdle a wack all day  
For a wack of the widdle a widdle a wack  
I'll widdle my life way  
As I get home from saving the hay my arms and legs do say  
Sit down you drunk put your arse on the stump and get stuck in  
the tea  
With the wife on me back and the kids all brats screaming in my  
ear  
Go on you old git you're full of shit you won't last out the ye  
ar  
Well I'd seen it all my cup was full and I walked out the door  
And I sold my house and I sold my land and I never saw them no  
more  
Now I lie all day in the Spanish sun with a girl on either side  
  
If I'd have stayed I'd never get laid it's there I would have d
