

Smoke

Blood Orange

See, on me

Balance in my hair, I'm pretty as fuck

Ay, ay

Choosing what you wear and getting this far

Tricking on my own time, what is it worth?

Got throat on my neck, neck, shatter your first

I'm waiting for the smoke to clear

It's a long time, long time

See it walk...

See

See I see the smoke

Pretty

Pretty, I'm pretty as fuck

Trip coat

Choosing what you wear

Out at the next spot

Waiting for the smoke to clear

It's a long time, long time

See it walk...

See

See I see the smoke

It's a long time

The sun comes in

My heart fulfills within

The sun (oh, oh, oh, yes) comes in (oh, oh, oh, yes)

My heart fulfills within

The sun (the sun) comes in (comes in)

My heart fulfills within, yeah

The sun (the sun) comes in (comes in)

My heart fulfills within

The sun (the sun) comes in (comes in)

My heart fulfills within

The sun (the sun) comes in (comes in)

My heart fulfills within

The sun

Oh, oh, oh, oh, oh

(The sun comes in)

Comes in

Oh, oh, oh, oh, oh

My heart fulfills within

(My heart and my soul)

The sun comes in

My heart fulfills within
