Why does human race  
Keep fighting?  
Arrogance, desire, status

It hates each other

And one another  
Is killed each other  
What on earth  
Remain afterwards?

No war  
Sadness on killed side  
Sadness on killed side  
No war  
Sadness on killed side  
Sadness on killed side  
Space is wide  
Endless space  
No war  
(yeah, oh, yeah)  
Yeah

Though it is same man  
Commander say "we"  
Do you kill only by the command?  
You kill because friends were killed

Then it doesn't  
Chance whenever it  
Becomes it, how does it  
Come to fight only for myself?

Space is wide  
Endless space  
No war  
(no war, no war)  
The spiral staircase  
The spiral staircase  
The spiral staircase  
The spiral staircase  
This world  
This world

Space is wide  
Endless space  
No war  
(no war, no war)  
The spiral staircase  
The spiral staircase  
The spiral staircase  
The spiral staircase  
This world  
This world
