

Last Stardust

Blood Stain Child

There is nothing here.
In blackness.
You gave me life in silent bloody world.

This is starburst. More than fire.
Lead me beyond the horizon.
No one knows the light region.
Rewrite yourself in the end.

When stars meet howling my voice?
Bring me - your emotion right now.
Rise. Life. Raise. Into the starlight.
I need your shiny bright memory.

Find out.
Break through infinity and lightness.
Light. Far away...
Find out a invisible myself.
We will break down thousands darkness fear
Call my name when you are in timeless.
This broken dead world.
In this broken dead world.

What is beyond the space?
Inside me.
You save me in the sightless everywhere.

This is passion. More than fire.
Take me to life stream.
No one knows the outer space.
Rewrite myself in the end.

When light meet freezing my voice.
Bring me - your spirit right now.
Rise. Life. Raise. Into the stardust.
I need your rainy fake memory.

Find out.
Break down insanity and madness.
Light. Far away...
Look up into the sky and planet.
We will ride on thousands shooting star.
Get back - your missing memory.
Your missing memory.
And making daybreak.

Light, Rise, Light, in this space.
Light, Rise. in this daybreak.

When stars meet howling my voice.
Bring me - your emotion right now.
Rise. Life. Raise. Into the stardust.
I need your shiny bright memory.
