

Live Inside

Blood Stain Child

You control your body: Machanized system
Brain in the shell
Soul and spirit is there
World rules by electron
The desire os made an
emodiment and material
The android has the world
The truth is projected
And reality is created
You fly away again
A new gate is opened
Gravity of scenario
Various vision flow
Into Inside

Light you inside
You fly away into inside
Faith you inside
Trusting your soul
Beyond deep your sight
Stand alone, you dive to inside
Cyber your thought
Justice you trust
The temptation runs
View is narrowed at the time and it
Invites you
Brain in the shell

Souls and spirit is there
You believe the soul
Into inside

Faith

You fly away into inside
Lasting, you fly again
You fly away into inside
You believe the soul

Light you inside
You fly away into inside
Faith you inside
Trusting your soul
Beyond deep your sight
Stand alone, you dive to inside
Cyber your thought
Justice you trust

Faith you inside
Faith you inside

Light you inside
You fly away into inside
Faith you inside
Trusting your soul
Beyond deep your sight
Stand alone, you dive to inside
