

## Blues Pt. 2

### Blood, Sweat & Tears

There's been some women in my life, yeah  
You could say I've known my share  
Some of them cried for me  
Some of them just didn't care

Some of them been hard on me  
Some of them tore me up deep inside  
Some of them were good to me  
And some of them never even tried

But woman, let me tell you  
You're every girl I've ever known  
You make me feel so very happy sometimes  
Then you make me feel so all alone

And sometimes I reach out for you  
Yeah, but you just won't take my hand  
And sometimes in winter  
When I'm lonely, tired and cold

You know it feels so good in the middle of the night  
Just to have your hand to hold  
Please, why don't you tell me where I stand  
Yeah, take my hand

Don't turn your back on me girl, no  
Turn around and take a good long look at a man in love  
Yeah, yeah, yeah

Turn around right now  
And take a good look at a man who needs your love, baby yeah  
Can you see him baby?  
Tell me what you see?

I want to know, does he look like your man?  
And if he does, I want you to tell me one more thing  
Tell me, whoa

Why don't you hold him, love him  
Kiss him, squeeze him  
Stand beside him and never let him go?
