

Somethin' Goin' On

Blood, Sweat & Tears

You know I woke up this morning people
The first thing I did was to look into your eyes
In that space where I used to find so much truthfulness
Was a stone cold pack of lies.

You know there's somethin's going on
Somethin's goin' on but I don't know what it is
Somethin's goin' on people, all right.

I went on down to the mailbox
Seems I got the phone bill yesterday
Charging me for some hour conversation
From someone in L.A.

You know there's somethin's going on
Somethin's goin' on but I don't know what it is
Somethin's goin' on behind my back
I better get to the bottom of this.

Now wait a minute!
I wanna hear you blow now
Go ahead, go ahead
I want you to blow for all the men whose women who don't keep a
true love now
I want you to blow for all the people who have to face an empty
bed now
Go ahead, blow one for yourself
Blow one for me too
Yeah, listen
You got to love your woman in the morning
You got to love your woman in the night
You got to love your woman all the time, to make her feel all r
ight
You got to give her what she wants
When she wants it, how she wants it, anytime she might think sh
e wants it
Aaaahhh !

When you're lovin' your woman people
Both of you know the score
You know it can make a long-time man suspicious
To come home, to an unlocked door.

You're finally knowin', somethin's going on
Somethin's going on but you don't know what it is
Somethin's going on people
I better get to the bottom of this, look out!
