

## Blasting the Virginborn

Bloodbath

Nazarene  
I've come to bestow you this crown of scorn  
Destined to be cast down  
And folded in earth  
Resent me  
Sworn enemy of the weakened heart  
Cursing the miracle  
Leech of the sun

Darkness that will overcome  
Insurrection displayed  
Mark the path in his flesh  
And blast the way

Wage the war  
Madness awakes and reveals its face  
Truly immeasurable  
Hidden in all

Insane celebration  
Salvation's unborn  
Violent is the rapture  
Blasting the virginborn

Darkness that will overcome  
Insurrection displayed  
Mark the path in his flesh  
And blast the way

Insane celebration  
Salvation's unborn  
Violent is the rapture  
Blasting the virginborn

Nazarene  
I've come to bestow you this crown of scorn  
Destined to be cast down  
And folded in earth
