

# His Infernal Necropsy

Bloodbath

Feel his presence  
My blood is cursed  
At war with compliance  
Rancid slur  
Survival of the sickest  
Inhale the smoke  
Of a thousand funeral pyres  
Disgorge and choke

Cadaverous humanity  
Earth becomes a corpse  
His infernal necropsy

All consuming  
Satanic death  
The lungs of Hell will take you  
Corrosive breath  
Casket village  
Your habitat  
My urge to murder  
Thrust the nails for total collapse

Rotted angel  
Rise to drain our lives  
Feeble race must die  
Rites of atrocity  
Upon this altar

Burden be gone  
Sickening slaves of greed  
Fall to your knees  
Madness begins as the dark is upon you
