

## Let the Stillborn Come to Me

**Bloodbath**

Let the stillborn come to me  
Their souls shall melt into a mass of death  
Commence the ritual beyond the veil of life  
Poison my heart, shred my veins

Claws of death  
Cold light blind my eyes  
Call upon the undead  
Blazing inferno  
Powers that be  
Dragging me further down...

Fixed on the altar  
Come forth  
Belial

Inject  
Dead blood

Jaws of old  
Gaping in the abyss  
Calling out for fettered souls  
Feeding the darkness  
This rotting life  
Death will witness our ordeal
