

## Mouth of Empty Praise

Bloodbath

Cast into the lake of fire  
Gagged by blood  
A thousand deaths unwind  
Storming  
Perseverance is none  
Repenting not  
Mass decay of life  
Swarming

Call upon  
Call on those we scorn  
Raze their faith and feeble ways  
Mute the son  
Deliverance bygone  
Mute the mouth of empty praise

Trapped inside a burning field  
Sheep of god  
Followers who did not heed  
The warning  
Unblessing of the purity  
Once the norm  
Darkness holds the blasphemy  
Swarming

Call upon  
Call on those we scorn  
Raze their faith and feeble ways  
Mute the son  
Deliverance bygone  
Mute the mouth of empty praise

Insanity will reign supreme

Azazel  
Belial  
Abaddon  
Leviathan

Call upon  
Call on those we scorn  
Raze their faith and feeble ways  
Mute the son  
Deliverance bygone  
Mute the mouth of empty praise
