

## Drop The Bomb

Bloodbound

The time of the killing has come  
Prepare for war  
They're all around us  
A life in the dark has begun  
Behind the walls we die to live  
Cry the ground  
With holy water  
Make a sound and hell is here  
Drop the bomb  
And we'll blow them all away  
Dust and smoke  
In a cloud filled with fear  
Drop the bomb  
And we'll send them back to hell  
Mud and clay  
Like an old catacomb  
Drop the bomb  
The crime of our time  
Has been done  
Destruction lives an evil story  
A sanctuary under the sun  
Behind the walls  
We live to die  
Cry the ground  
With holy water  
Make a sound and hell is here  
Drop the bomb  
And we'll blow them all away  
Dust and smoke  
In a cloud filled with fear  
Drop the bomb  
And we'll send them back to hell  
Mud and clay  
Like an old catacomb  
Drop the bomb
