In the Name of Metal

Bloodbound

You say I'm evil you say I suck My hair's too long I don't give a fuck I'm doing nothing out of control My music's wrong I don't care at all You say I'm ditry I smell like shit All dressed in black and my clothes don't fit I'm a sinner excuse me m'am You take your moral I don't give a damn Metal's getting hyper deadly as a viper Rise from armageddon Faster than a feight train stronger than a steel chain Screaming voices roar In the name of metal Raise your fist to the heaven above In the name of metal Raise your fist and shout In the name of metal Raise your fist to the music we love In the name of metal You think i'm ugly looks like a witch I'll kick your ass like a pussy, bitch! You call me loser I raise my glass Let's make a toast you can kiss my ass Metal's getting hyper deadly as a viper Rise from armageddon Faster than a feight train stronger than a steel chain Screaming voices roar In the name of metal Raise your fist to the heaven above In the name of metal Raise your fist and shout In the name of metal Raise your fist to the music we love In the name of metal
