

Satanic Panic

Bloodbound

Into the fire storm
No retribution for the fallen
Out of the burning sky
My resurrection has been calling

Judas crying demons turning
Angels flying devils burning
Seven hells I pray

Satanic satanic I'm evil in mind
Not a light in the dark you will find
Satanic satanic I'm evil in mind
Persecution the fate of our kind
Satanic panic
Satanic
Satanic panic

I am the pain you cry
My dying soul is my deceiver
I ride the beast in black
My sacrifice is my believer

Judas crying demons turning
Angels flying devils burning
Seven hells I pray

Satanic satanic I'm evil in mind
Not a light in the dark you will find
Satanic satanic I'm evil in mind
Persecution the fate of our kind
Satanic panic
