

# Sadness

Bloodflowerz

my voice  
inside  
calling you in the night with an aching cry  
the light of the moon whispers secrets and soon a heart will die  
i am inside  
from me you can't hide, i'm mother and child  
a shadow of love, a shadow of dead, a changing face

[chorus:]  
i am your sadness - i am raining  
i am your sadness - i am rain  
i'm your sadness  
i'm the rain in the dark  
the pain in your heart  
the tears in your heart i am rain

i want you to suffer, i want you to creep  
i hurt so deep  
your eyes - just a sore  
and the dead on the shore won't cry no more  
your sail will be torn by my dark thunderstorm  
i whisper cold  
the voice of the rain dropping secrets again  
a tremendous wave

[chorus:]  
i am your sadness - i am raining  
i am your sadness - i am rain  
i'm your sadness  
i'm the rain in the dark  
the pain in your heart  
the tears in your heart i am rain
