

## Hey You

**Bloodgood**

Hey you walking in the tight blue jeans  
Your eyes are burning and your face is pretty mean  
The light is red but your eyes are blue  
You try to look good but you know it isn't true

You cross the street you're half way there  
You're on your way to Hell but you don't care  
You don't know where you're going  
You haven't got a clue  
When the party's over whatcha gonna do  
Hey! Hey you!

Truth grows dim your innocence lost  
Your name was called when He was dying on the cross  
Sooner or later you must decide  
You've tasted Hell now let Jesus be your high

You're flyin high on Sunday but Monday's on a roll  
Too many white lines on a sea of glass  
The snake has got your soul  
You should be on your knees  
'Cause your nose is frozen but your heart's not pleased
