

# Farting With A Walkman On

**Bloodhound Gang**

I know you're gonna play me when you get wind  
I heard you're full of shit so I've been duped again  
But if you cover your ass with the same old song  
You might as well be farting farting with a Walkman on

I know you're gonna play me when you get wind  
I heard you're full of shit so I've been duped again  
But if you cover your ass with the same old song  
You might as well be farting farting with a Walkman on

I know you're gonna play me when you get wind  
I heard you're full of shit so I've been duped again  
But if you cover your ass with the same old song  
You might as well be farting farting with a Walkman on

Give me a fuckin' break
