

# Going Nowhere Slow

## Bloodhound Gang

Got the mic in my hand but can I make you understand  
That a-hole bands have a-hole fans?  
Bloodhound's the name and the Gang's to blame  
Like Chan n' Chin the Siamese twins it's one in the same  
So "Fame" ain't gonna live forever  
Never worryin' about dyin' 'cause it can't be any better  
But whatever happens to happen always happens for the worst  
And if the worst is yet to happen I hope it happens to you first  
So hello Joe what do you know?  
Heard ya just got back from a Bloodhound show  
Did you do the Batussi or did you do the Hustle?  
Did you do the Flamin' Waffle or the Super Bowl Shuffle?  
No matter what you did kid you're gonna be amused  
If you were not entertained you did not drink enough booze  
If ya get your eyes a'fuzzin' then we'll get your ears a'buzzin'  
'Cause we play around the world you play around with your cousin
