

# Straight Hate

Bloodsimple

Sometimes I wish I could just sew up my eyes  
So I don't have to witness and realize the monster that has become of me  
There's something up with the fatal attraction  
For every action there's a sub-reaction  
It's like a trip to the brain that drives me fuckin' insane

Straighthate - You're just a pawn in the game so fuck you  
To me there is nothing but a diluted state of reality  
'Cause hell has fuckin' frozen over for me

And from my knees I beg and plead for salvation  
I will kick and scream with broken teeth until damnation  
It's like a trip to the brain that drives me fuckin' insane

Straighthate - You're just a pawn in the game so fuck you  
To me there is nothing but a diluted state of reality  
'Cause hell has fuckin' frozen over for me

Come revolution I'm down for the kill  
Fingers on triggers to be used at will  
Pledge your allegiance and die for the cause  
As we rise red white and blessed blue

Straighthate - You're just a pawn in the game so fuck you  
To me there is nothing but a diluted state of reality  
'Cause hell has fuckin' frozen over for me
