

Abra Cadaver

Bloodsucking Zombies from Outer Space

I'm a necrophilac
A corpse-grinding megalomaniac
I'm nasty and i'm mean
For all those moralizers much too obscene
They say i'm a perverted bastard
A misanthropic scumbag
I'm a deranged freak
Oh such a freak - fantastic
I'm a fucking wild child - I move to spastic
Maybe i'm too drastic but i'll get your shitty ass kicked
Abra cadaver - i'm a lunatic forever

Stay wild
Stay sick
And become undead

Soulsisters - Freakbrothers
We're more different than all others
Death to hypocritical preachers
We're a bunch of godless creatures
We are the anti-human league
Such a league bombastic
We are reckless insolent
And strained sarcastic
This hell on earth is our pick
And we'll get your ass kicked

Stay wild
Stay sick
And become undead
