Bloodsucking Zombies from Outer Space

Zombies, ghosts, vampires, demons, monsters, psychopaths
Possesses my life since sweet innocence turned into dark
A nightmare made of celluloid and pleased shudder creeps up my neck

I love this feeling and anticipation when pure evil will attack

.

Bela Lugosi and his creatures of the night

Boris Karloff dismissed by his bride

Vincent Price and Yeah Christopher Lee

These people means more than just actors to me

Fucking Censorship drives me really insane

Ref.: Oh Yeah that's what i'm

I'm a dedicated Horrormovie Fan

My life is like a scene full of faked blood and screamings

Horrormovie Fan

I watched them all from my earliest age on

Gothic, Gore and Splatter Horormovie turns me on

I'm ready for Freddy and "The Saw is Family"

Pinhead , Chucky , Jason - Anti-Heroes sets me free

I hate the rating system and the FSK
