

Baby Cry

Blue Café

Baby, cry
I know you suffer too

Baby, cry
My baby suffers too

Baby, cry
We have so many nights

Baby, cry
I'll make you alright

Do you still want me too
Cause all I do is saving you
Do you still want me too

Baby, cry
My tears have all dried

Baby, cry
Now it's your turn to cry

They can try
But they can't touch you

Cry now, cry
We have so many nights

Do you still want me too
Cause all I do is saving you
Do you still want me too
Cause all I do is watching you

Stay with me now
Cause I love you, miss you
Stay with me now
Cause I love you, need you, miss you

Do you still want me too
Cause all I do is saving you
Do you still want me too
I'm here with you...
