

Hey, what's up  
Well, it's hard  
Have you seen the blue rainbow today?  
Are you crazy?! There is no blue rainbow...  
You gotta believe to see it

I believe that dreams come true  
All your life depends on you  
Whatever you do  
You'll make it /x2

So many times they've said you walk it by  
Life is not easy, it won't be fine (yeah, yeah)  
They want you're child you'll never reach the sky  
Keep feet on that ground you'll never fly (yeah, yeah)

I believe that dreams come true  
All your life depends on you  
Whatever you do  
You'll make it /x2

So many years you've tried to be the one  
The one and only, it is so hard (yeah, yeah)  
Some day you told me you have got enough  
I try to tell you - you have to fight! (yeah, yeah)

Hey! You have to know, you have to know  
Nothing is done without you  
So we wanna say, we wanna say  
Don't be afraid, stay on your way

I believe that dreams come true  
All your life depends on you  
Whatever you do  
You'll make it /x4
