

Loving You

Blue Café

You cause me some of pain and frustration
I became for you the biggest obsession
This relation is filled with emotions
We make each other hearts going motion

I'm lovin' you, I'm still lovin' you
I'm lovin' you, I'm still lovin' you

Though you cause me some of pain and frustration
You are for me the biggest temptation
Once you feel me with sweetest emotions
I feel I'm losing your devotion

I'm lovin' you, I'm still lovin' you
I'm lovin' you, oh baby, I'm still lovin' you

Yes, I know, I can cause your frustration
Then I'm able to calm your emotions
I get furious when I can get closer
I will love you boy till there's no oceans

I'm lovin' you, I'm still lovin' you
Oh baby, I'm lovin' you, oh baby I'm still lovin' you

I wanna feel you will be by my side
Let me believe it's right
I wanna hear you say
I wanna feel you will be by my side
Let me believe it's right
Oh baby, I'm loving you

I wanna feel you will be by my side
Let me believe it's right
Oh baby, I'm loving you, I'm still lovin' you
Oh baby, I'm lovin' you, I'm still loving you

I'm loving you, I'm still lovin' you
Oh baby, I'm loving you, oh baby I'm still lovin' you
