

Wait! Wait!

Blue Café

I
Do you wanna see the way
I move my ass and play
Fuck the weather
You had better
Come to celebrate

Vips and diamonds
And the bottles of champagne
Baby you are on the list so
Welcome to my place

Ref.
Wait! Wait! I'm gonna play my show now
Wait! Wait! So don't go now

II
I say DJ turn it up and let the music play,
Cause tonight I know I'm ready to get on the stage
Now I feel like dancing, I've got spotlight on my face
Watch me now and just imagine how good I can taste

Ref.
Wait! Wait! I'm gonna play my show now
Wait! Wait! So don't go now

III
Do you wanna party with me till hella late?
You can be my guest but first you have to know my name
Everybody's getting hot so now you gotta stay
Cause tonight I'll give you Armageddon of the brain

I know that you want me
You can dance upon me
Yes - but only if I let you...

Ref.
Wait! Wait! I'm gonna play my show now
Wait! Wait! So don't go now

Bridge.
I love to be out of control
Because of that I feel, feel so hot
I love to feel a fire in my bones
Cause life is not enough and I want some more

Ref.
Wait! Wait! I'm gonna play my show now
Wait! Wait! So don't go now
