

# We Shine

Blue Café

We love to shine...

Better not try to be their doll  
Better not start to lose control  
We are the stars, we are the show  
Baby when we shine, we are cold

Imma (gonna) be myself  
Even when I shine like a diamond  
I don't pretend  
Imma (gonna) be who I am  
No matter what can happen  
I'll stay the same

I am not a plastic Barbie doll  
Everybody knows I'm something more  
Tabloids give you dirty tales in gold  
And you make it so damn factual

An-n-nother story (We sell us, sell us)  
An-n-nother glory (We sell us, sell us)

What do you see behind my make-up?

An-n-nother story (We sell us, sell us)  
An-n-nother glory (We sell us, sell us)

We never ever gonna wake up

Imma (gonna) be myself  
Even when I shine like a diamond  
I don't pretend  
Imma (gonna) be who I am  
No matter what can happen  
I'll stay the same

I don't smile like I was a whore  
And I don't play anybody's role  
I can be your queen, so hot and cold  
Cause my fame is under my control

An-n-nother story (We sell us, sell us)  
An-n-nother glory (We sell us, sell us)

What do you see behind my make-up?

An-n-nother story (We sell us, sell us)  
An-n-nother glory (We sell us, sell us)

We never ever gonna wake up

Imma (gonna) be myself  
Even when I shine like a diamond  
I don't pretend  
Imma (gonna) be who I am  
No matter what can happen  
I'll stay the same

You love my smile nr. 2  
You love my style - so brand new...

Imma (gonna) be myself  
Even when I shine like a diamond  
I don't pretend  
Imma (gonna) be who I am  
No matter what can happen  
I'll stay the same
