

## Wonderful

Blue Café

My wonderful, wonderful life,  
It's wonderful when you're with me  
My wonderful, wonderful life,  
Uuu...

Fire dancing in your eyes  
Silent whispers: touch the sky  
Our small tax overnight  
And your love by candle light  
Stars reflected in your smile  
Magic beauty of its shine  
Won't forget this pleasant while  
When your hand is touching mine

My wonderful, wonderful life,  
It's wonderful when you're with me  
My wonderful, wonderful life,  
Uuu...

Even in November spring  
All the happiness you bring  
I feel every single day  
That I found my perfect way  
You're a treasure of my heart  
You are gladness of my life  
Now my wish is coming true  
Yes, I'll always be with you

You're all my life  
And this feeling's so sweet  
You're all my life  
You'll be always mine

My wonderful, wonderful life,  
It's wonderful when you're with me  
My wonderful, wonderful life,

My wonderful, wonderful life,  
It's wonderful when you're with me  
My wonderful, wonderful life,  
Uuu...
