

## Aces 'n' Eights

Blue Cheer

Lady Luck, Lady Luck  
You must have played your cards just right  
I wouldn't be in the fix I'm in tonight  
Queen of Hearts, You stop my start  
You drove me down, Turned me around  
Drove the stake to its mark.  
Gothcha!

The Ace of Spades, The Ace of Spades  
You play your hand until you fade  
And the weather play loaded  
Say you bring it back where you stay  
Queen of Hearts, You stop my start  
You turned me around  
Bring me down  
Drove the stake to its mark.  
Oh, Ow!

One-eyed Jack  
Don't look back  
Oh, I'll never sleep tomorrow  
I caught the time  
And asked them why my business hollow  
Queen of Hearts, You stop my start  
You drove me down, Turned me around  
Drove the stake to its mark  
Ha!

Lady Luck, Lady Luck  
You must have played your hand just right  
I wouldn't be in the fix I'm in tonight  
(I don't believe that)  
Be in the fix I'm in tonight (My only)  
I played my cards just right  
I wouldn't be in the fix I'm in tonight.
