

As Long as I Live

Blue Cheer

Please don't string me out
Don't make me walk the line
My life was meant to give
And I'll give as long as I live

Come on, go to any place
If I could just reach you
Relax, let yourself go through

Grooving is the only route
I say you go every time

Come on, go to any place
If I could just reach you
Relax and let yourself go through

All these emotions powder your mind
I need a world of trust
And I'm gonna give
As long as I live

Hey, I'm gonna give, give
As long as I live, yeah
Yeah, I'm gonna give
As long as I live, live
As long as I live
