

1. I ended the book that I'm writing.  
The part about you I'm tearing it out.  
A simple goodnight, stop fighting,  
There's nothing left to f...ing fight about.  
I'm leaving you here my little darling,  
to search for a better and easy way out.  
Through all of the pain that I'm causing,  
There's nothing left to even scream about

And it goes.....

R: Ba ba ba bababa bababa  
ah lehe ah lehe ba ba ba  
ba ba ba bababa bababa  
ah lehe ah lehe ah lehe badaba

2. Recorded Italian radio.  
I changed up the words to make you happy though.  
In front of the midnight music chow,  
I beat the shit out of the boy that made her happy though  
I've noticed the things that you wanted me to be.  
They outweigh the ones that make me happy.  
So pull out your hand to meet my...my fine new lady,  
She's rock n' roll, and she saved me.

And it goes.....

R: Ba ba ba bababa bababa...
