

Jump Rope

Blue October

Remember how you used to say
You couldn't wait till tomorrow for a brand new day
And no fuss when ya had to ride the bus
You just add a little blush

To paralyze your school crush

Now you're older and the weight is on your shoulder
Make the world a little colder

No more hide'n in the old day
Be strong

Don't give up hope
It will get hard

Life's like a jump rope

Up down

Up down
Up down
Up down yeah
Cause it will get hard

Remember life's like a jump rope
Up down

Up down
Up down
Up down yeah
It will get hard

Cause it will get hard

There'll be a bump and there will be a bruise
There'll be alarms and there will be a snooze
There'll be a path that you will have to choose
There'll be a win and there will be a lose and
You have to hold your head up high
and Watch all the negative go by
Don't you ever be ashamed to cry
You go ahead

Cause life's like a jump rope

Up down

Up down
Up down
Up down yeah
Cause it will get hard

Remember life's like a jump rope

Up down

Up down
Up down
Up down yeah
It will get hard

Come on

I want to tell you that everything will be okay
That everything will eventually turn itself to gold
So keep pushing through it all
Don't follow, lead the way
Don't lose yourself or your hope...
N.C
Cause life's like a jump rope

Up down

Up down
Up down
Up down yeah

You stomp your feet so hard you make it pound
Raise the bottom to the top

And now we're never coming down
Up down stomp your feet spin around
Clap hands to the rhythm

Then you slip down
You stomp your feet so hard you make it pound
Raise the bottom to the top

And now we're never coming down
Up down

Up down
Up down
Up down yeah
Cause it will get hard

Remember life's like a jump rope
Up down

Up down
Up down
Up down yeah
It will get hard

Cause it will get hard
Up down

Up down
Up down
Up down yeah

Life's like a jump rope
Up down

Up down
Up down
Up down yeah
Whoa oh

Cause life's like a jump rope
