

Libby I'm Listening

Blue October

1. With a kiss and a cigarette
You're better than any midnight sex
I can't stop cause it feels too good
I won't stop but I know I should
Believe me I'm not always on a serious side.

R: Cause I can make you laugh, if he makes you scream
If he breaks you, tell me everything
Cause here we are alone again
Libby I'm listening
Cause I can make you laugh, if he makes you scream
If he breaks you, tell me everything
Cause here we are alone again
Libby I'm listening

2. It's hard to fill the empty space
When they're your prayers
Your love, your f...ing grace
Closed eyed sleeping face to face
Sweet girl with such a tender taste

R: Cause I can make you laugh...

*: Libby, I just want to, listen to you...please!

R: Cause I can make you laugh...

Libby I'm...Libby I'm listening to you.
Libby Un...Libby unwind.
Libby I'm...Libby I'm listening to you.
Libby Un...Libby Unwind.
