

## Hungry Boys

Blue Öyster Cult

Sometimes it feels like ya' can't get enough  
My buddy's and me keep lookin' for the stuff  
To make us feel the blood rushin' through our veins  
Just to keep on livin', it's bound to be a strain

We're hungry boys  
We're hungry boys  
We're hungry boys  
We're hungry boys  
Hungry, hungry, hungry, hungry boys

Friday night we take off, headin' for the city  
And dance with the lady from the white-snow country  
Then she takes us home and we get a little love  
That's something, can't get enough of

We're hungry boys  
We're hungry boys  
We're hungry boys  
We're hungry boys  
Hungry, hungry, hungry, hungry boys

Now look at Louie, he's really got the need  
(Valerie's?) got the needle but she always makes him plead  
Louie was a-wonderin', if brought the stuff to town  
But the cop's moved in and shut the operation down

That's why we're hungry boys (4 times)  
Hungry, hungry, hungry, hungry boys
