

# Always Getting Better

Blue Rodeo

Yeah there were times  
When I was lonely  
And I lay here like a ghost  
Upon my bed  
I never thought about my friends  
I never called up anyone  
I was happy hiding out  
Inside my head  
But then you came along  
And loved me all up  
First you calmed me down  
And then you took my hand  
And as we lay under the sky  
And watched the planes go by  
I knew I'd never be  
The same again

Slow down I want to go with you  
Can't we wait here awhile  
And Ill watch you smile  
And we'll hide away  
And let all the world go by

No more reasons why  
We sit and count  
The tears we cry  
Always getting better  
Always getting better  
Leave the lonely days  
Close your eyes  
Let them drift away  
Always getting better  
Always getting better

I have thought about your leaving  
For a long time now  
And I guess that in the end  
I'll be right  
But the blackness of your hair  
The way your smile hits me  
Everywhere  
These are the things  
That come to me at night

Slow down I want to go with you  
Can't we wait here awhile  
And Ill watch you smile  
Come pouring in  
As we let all the world go by

No more reason why  
We sit and  
Count the tears we cry  
Always getting better  
Always getting better  
Leave the lonely days  
Close your eyes

Let them drift away  
Always getting better  
Always getting better  
Lie down again watch  
Moonlight streaming in  
Always getting better  
Always getting better
